

SUSTAINABILITY

“Meeting the needs of the present generation without compromising the ability of future generations to meet their own needs.”

-Bruntland Commission in *Firms of Endearment*

Take-Back™ Program

We gladly accept the return of any used Play Mart playground equipment to be recycled again! We proudly offer an outstanding warranty on our RSP™. Yet, if your playground has expired its useful life at your site or is no longer needed, we give you the opportunity to be environmentally responsible and earn credit toward new playground equipment, park benches, or any other products we offer. Play Mart thinks so highly of our RSP™ that we will pay you to return it!

- * We credit \$.10 / pound of RSP™ (e.g. Mega 6” x 6” posts weigh 10 pounds/ foot)
- * The credit is given towards new products - playgrounds, benches, tables, etc.
- * Material accepted includes decks, posts, and all parts of equipment made from our proprietary RSP™ plastic lumber.

Effective Date: only playground equipment sold after January 1, 2008 accepted. Customer is responsible for all freight charges. We will not accept the return of metal, roto-molded plastic, or any other component materials.

Internal Recycling:

Almost all of our manufacturing waste and more than 75% of our operations’ waste is recycled. Scraps that we generate (such as saw shavings on the plant floor, packaging film, cardboard or metal scraps) are either reground for plastic lumber or sorted for recycling elsewhere. We source recycled office supplies and environmentally-friendly cleaning products as much as possible.

Green Building Standards:

Environmentally conscious building standards have become the norm, and Play Mart’s playground equipment can contribute towards overall points in many of these rating systems. Contact your Play Mart Sales Representative for more information.
